(incorporated in England with limited liability under the Industrial and Provident Societies Act 1965 with registration number 19447R and registered with the Housing Corporation under the Housing Act 1996 with number L0659)

### **£180,000,000 5.09 per cent. Secured Bonds due 2043**

(to be consolidated and form a single series with the £200,000,000 5.09 per cent. Secured Bonds due 2043 issued on 10 July 2003)

#### **Issue price: 82.303 per cent.**

(plus 160 days' accrued interest in respect of the period from and including 31 July 2008 to but excluding 7 January 2009 at a rate of 5.09 per cent. per annum)

On 10 July 2003, Places for People Homes Limited (formerly known as North British Housing Limited) (the **Issuer**) issued its £200,000,000 5.09 per cent. Secured Bonds due 2043, all of which remain outstanding on the date hereof (the **Original Bonds**) with authority to issue further secured bonds ranking *pari passu* in point of security therewith. The £180,000,000 5.09 per cent. Secured Bonds due 2043 of the Issuer (the **New Bonds**) will be issued at the issue price stated above, plus accrued interest, on 7 January 2009 (or such later date as may be agreed between the Issuer and Royal Bank of Canada Europe Limited (the **Dealer**)) (the **Closing Date**). The New Bonds will be consolidated, form a single series and rank *pari passu* with the Original Bonds (together with the New Bonds, the **Bonds**) on issue, but will not have the same ISIN and Common Code as the Original Bonds until 16 February 2009.

Application has been made to the Financial Services Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 (FSMA) (the **UK Listing Authority**) for the New Bonds to be admitted to the Official List of the UK Listing Authority and to the London Stock Exchange plc (the **London Stock Exchange**) for the New Bonds to be admitted to trading on the London Stock Exchange's regulated market. The London Stock Exchange's regulated market is a regulated market for the purposes of Directive 2004/39/EC (the **Markets in Financial Instruments Directive**).

Interest on the Bonds is payable semi-annually in arrear on 31 January and 31 July in each year (each an **Interest Payment Date**). The New Bonds will rank for the full amount of interest payable on the next Interest Payment Date, 31 January 2009.

The Issuer may, at its option, redeem all, but not some only, of the Bonds on the Interest Payment Date falling on 31 July 2024 (the **Scheduled Redemption Date**) at their nominal amount plus accrued interest or on any Interest Date falling prior to the Scheduled Redemption Date at the higher of their nominal amount and an amount calculated by reference to the yield on 8 per cent. Treasury Stock 2021, together with accrued interest. The Issuer may also, at its option, redeem all, but not some only, of the Bonds at any time at their nominal amount plus accrued interest, in the event of certain tax changes as described in Condition 6(D) (*Redemption for tax reasons*). Unless previously redeemed the Bonds will be redeemed in full on 31 July 2043 (the **Final Maturity Date**).

It is expected that the New Bonds will be rated "Aa2" by Moody's Investors Service, Inc. (**Moody's**) and "AA-" by Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies Inc (**S&P**). A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation.

The New Bonds will initially be represented by a temporary global bond (the **Temporary Global Bond**), without interest coupons, which will be deposited on or about the Closing Date with a common depository for Euroclear Bank S.A./N.V. (**Euroclear**) and Clearstream Banking, société anonyme (**Clearstream, Luxembourg**). Interests in the Temporary Global Bond will be exchangeable for interests in a permanent global bond (the **Permanent Global Bond**) and, together with the Temporary Global Bond, the **Global Bonds**), without interest coupons, on or after 16 February 2009 (the **Exchange Date**), upon certification as to non-U.S. beneficial ownership. Interests in the Permanent Global Bond will be exchangeable for definitive Bonds only in certain limited circumstances – see "*Summary of Provisions relating to the New Bonds while in Global Form*".

Following the implementation of the relevant provisions of the Prospectus Directive in each Member State of the European Economic Area, no civil liability will attach to the Responsible Person in any such Member State in respect of this Summary, including any translation hereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Offering Circular. Words and expressions defined in "*Terms and Conditions of the Bonds*" shall have the same meanings in this Summary.

### **Issuer:**

Places for People Homes Limited (the **Issuer**).

The Issuer is a registered social landlord (and will, following the implementation of the relevant sections of the Housing and Regeneration Act 2008, be a registered provider of social housing) and a not-for-profit organisation whose activities are regulated by the Housing Corporation. The Issuer's primary business objects are to provide a wide range of products and services in the housing sector including the development of new homes at affordable and open market rents, and for open market and affordable residential property sales.

### **Description of the New Bonds:**

£180,000,000 5.09 per cent Secured Bonds due 2043 (the **New Bonds**) to be issued by the Issuer on 7 January 2009 pursuant to Clause 3 of the Trust Deed dated 10 July 2003 between the Issuer and the Trustee (the **Principal Trust Deed** and, as amended pursuant to a first supplemental trust deed to be dated the Closing Date (the **First Supplemental Trust Deed**) and as further amended or supplemented from time to time, the **Trust Deed**), which will be consolidated, form a single series and rank *pari passu* in point of security with the £200,000,000 5.09 per cent. Secured Bonds due 2043 issued on 10 July 2003 (the **Original Bonds**, together with the New Bonds, the **Bonds**).

### **Use of Proceeds:**

The net proceeds of the issue of the New Bonds after deduction of expenses payable by the Issuer and less the New Bond Accrued Interest will be deposited in the Debt Service Reserve Account, the Repair Sinking Fund and the Initial Cash Security Account in accordance with Condition 2 (*Security*) to be held as security for the benefit of the Bondholders.

Following its release to the Issuer in accordance with

Condition 2(E) (*First Legal Mortgages over the Initial Properties*), the Initial Cash shall be applied by the Issuer to provide funds to refinance existing loans. The remaining funds (if any) will be used in furtherance of the Issuer's objects, which include, but are not limited to, the maintenance and improvement of its housing stock and the supply of additional housing. The New Bond Accrued Interest shall be held by the Issuer in order partially to fund the first interest payment due on the New Bonds on 31 January 2009.

**Issue Price:** 82.303 per cent. (plus 160 days' accrued interest in respect of the period from and including 31 July 2008 to but excluding 7 January 2009 at a rate of 5.09 per cent. per annum)

**Form:** The New Bonds will be issued in bearer form in denominations of £1,000. The New Bonds will initially be represented by a temporary global bond exchangeable for a permanent global bond. In limited circumstances, the permanent global bond will be exchangeable for definitive bonds.

**Interest:** The New Bonds will bear interest at a fixed rate of 5.09 per cent. per annum payable semi-annually in arrear on 31 January and 31 July in each year. The New Bonds will rank for the full amount of interest payable on the next Interest Payment Date, 31 January 2009.

**Final Redemption:** Unless previously redeemed or purchased and cancelled in accordance with Condition 6 (*Redemption and purchase of Bonds*), the Bonds will be redeemed in full at their nominal amount on 31 July 2043 (the **Final Maturity Date**).

**Early Redemption:** The Issuer may, at its option, redeem all, but not some only, of the Bonds on the Interest Payment Date falling on 31 July 2024 (the **Scheduled Redemption Date**) at their nominal amount plus accrued interest or on any Interest Payment Date falling prior to the Scheduled Redemption Date at the higher of their nominal amount and an amount calculated by reference to the yield on 8 per cent. Treasury Stock 2021, together with accrued interest.

Pursuant to Clause 5.2 (*Covenant to exercise option to redeem Bonds*) of the Principal Trust Deed and Clause 3.2 (*Covenant to exercise option to redeem New Bonds*) of the First Supplemental Trust Deed, the Issuer has covenanted to exercise its option to redeem the Bonds on the Scheduled Redemption Date. If the Issuer does not exercise its option to redeem the Bonds on the Scheduled Redemption Date, the Trustee is authorised to exercise such option on behalf of the Issuer.

**Early Redemption for tax reasons:**

The Issuer may also, at its option, redeem all, but not some only, of the Bonds at any time at their nominal amount plus accrued interest, in the event of certain tax changes as described in Condition 6(D) (*Redemption for tax reasons*).

**Purchase:**

The Issuer may, at any time, purchase Bonds in accordance with the provisions of Condition 6(B) (*Purchase*). Any Bonds purchased by the Issuer (or redeemed in whole) will be cancelled and will not be available for reissue or resale.

**Rescheduling Event:**

If a Rescheduling Event (as defined in Condition 1 (*Definitions*)) occurs, the Issuer shall thereafter pay the Net Annual Income Received from the Security (each as defined in Condition 1 (*Definitions*)) to the credit of the Debt Service Reserve, unless the Bondholders direct otherwise by Extraordinary Resolution in accordance with Condition 6(F) (*Rescheduling Event*).

**Covenants:**

The Issuer has covenanted, pursuant to Condition 11 (*General Covenants*), that, so long as any of the Bonds remain outstanding, it shall send to the Trustee (and make available to the Bondholders by such means as the Issuer may notify to the Bondholders from time to time) copies of its annual report and accounts and certificates as to all (if any) withdrawals, additions and substitutions of Property comprised in the Security, at such times as specified therein.

In addition, the Issuer has covenanted, pursuant to Condition 12 (*Other Covenants in relation to Security*), that, so long as the Security is in existence, it shall, *inter alia*, keep all Mortgaged Properties in a good and tenable state of repair; insure all Mortgaged Properties against loss or damage; insure the rent payable under leases which it holds in respect of Mortgaged Properties and under leases granted by it; not create any tenancies or licences in respect of Mortgaged Properties other than tenancies or licences for periods not exceeding 21 years; not create any security interest over the Security which would rank in priority to, or *pari passu* with, the security created by the Trust Deed; notify the Trustee and the Rating Agencies of the occurrence of a Rescheduling Event; and procure that an Expenditure Certificate is provided to the Trustee and the Rating Agencies at least once in any five year period.

**Minimum Income Cover:**

The Issuer is required to deliver a written statement (an **Income Cover Statement**) to the Trustee within twenty-eight days of each Interest Payment Date setting out the Net Annual Income Received from the Security during the 12 months ending on such Interest Payment Date. In the event that an Income Cover Statement confirms that the Net Annual Income Cover Ratio is less than the Required Ratio, the Issuer shall ensure that the Net Annual Income Received

from the Security is thereafter paid into the Debt Service Reserve Account or shall grant additional Security in favour of the Trustee in accordance with Condition 3(B)(c) (*Income Capture*).

**Debt Service Reserve:**

The Issuer shall credit £9,189,117.45 from the issue proceeds in respect of the New Bonds to the Debt Service Reserve Account on the Closing Date. The Issuer shall also be required to credit monies to the Debt Service Reserve Account upon certain specified events including, *inter alia*, the occurrence of a Rescheduling Event and the Net Annual Income Cover Ratio falling below the Required Ratio.

The Debt Service Reserve shall be held and retained by the Trustee as security for the payment of principal, premium and interest in respect of the Bonds and all other monies payable under or pursuant to the Trust Deed, but may be released to the Issuer in certain specified circumstances.

**Sinking Fund:**

The Issuer has undertaken, pursuant to Condition 10 (*Mortgaged Properties Property Condition and Early Redemption Sinking Fund*), to procure that a Property Condition Survey is delivered to the Trustee at least once in every five year period and to take such steps as are required to bring Mortgaged Properties into a good and tenable state of repair. In the event that the Issuer does not bring any Mortgaged Properties into a good and tenable state of repair as required by the Property Condition Survey, it shall be required to pay such amounts as are agreed by the Surveyors into the Repair Sinking Fund and, if it fails to make such payment, the Net Annual Income Received from the Security shall thereafter be paid by the Issuer to the credit of the Debt Service Reserve Account. Such monies shall be released to the Issuer upon completion of the required repairs.

**Events of Default:**

Following the occurrence of a Default or an Acceleration Event (each as defined in Condition 13 (*Default and Acceleration*)) the Trustee may, and upon the request in writing of the holders of at least one-fifth in nominal amount of the Bonds then outstanding or upon being so directed by an Extraordinary Resolution of the Bondholders shall (subject in each case to it being indemnified to its satisfaction), give notice to the Issuer and the Bonds shall become immediately due and repayable.

A Default consists of the non-payment of principal, premium, interest or other monies payable in respect of the Bonds within the specified grace periods.

The Acceleration Events include, *inter alia*, the Issuer ceasing to be, taking any formal action or announcing an intention to cease to be, a Registered Social Landlord or a

Non-Profit Registered Provider; insolvency; enforcement of security granted by the Issuer (other than pursuant to the Trust Deed); default in the performance or observation of covenants, conditions or provisions of the Trust Deed; default or non-payment in respect of other indebtedness in an aggregate amount equal to or in excess of £1,000,000 (as increased proportionately by any increase in the United Kingdom General Index of Retail Prices); the Security ceasing to be, or becoming, unenforceable; and the Net Annual Income Cover Ratio being less than the Required Ratio in respect of two successive Interest Payment Dates (each as defined in Condition 7 (*Definitions*)).

**Status of the New Bonds:**

The New Bonds will constitute direct, general, secured and unconditional obligations of the Issuer and will rank *pari passu* without any preference among themselves and the Original Bonds.

**Security:**

The Issuer's obligations in respect of the Bonds are secured pursuant to the Trust Deed by the following:

- (a) first ranking fixed charges over all cash and Permitted Investments forming part of the Debt Service Reserve;
- (b) first ranking fixed charges over all cash and Permitted Investments forming part of the Initial Cash;
- (c) first ranking legal mortgages over the Initial Properties and any Additional Properties;
- (d) first ranking fixed charges over any Permitted Investments and/or cash forming part of the Substitute Cash or the Repair Sinking Fund; and
- (e) first ranking fixed charges over any Permitted Investments.

The assets comprising the Security have characteristics that demonstrate capacity to produce funds to service the payments due and payable on the Bonds.

**Initial Cash Security:**

The Issuer shall, on the Closing Date, credit to the Initial Cash Security Account the net issue proceeds of the New Bonds (less such amount which has been applied to the Debt Service Reserve Account in accordance with Condition 2(B) (*Payments to Debt Service Reserve Account*)), other than the New Bond Accrued Interest which shall not form part of the Security.

Upon the Issuer charging one or more of the Initial Properties set out in the First Supplemental Trust Deed (which it is required to do within 18 months of the Closing

Date) and satisfying the conditions set out in Condition 2(E) (*First Legal Mortgages over the Initial Properties*), an amount of the Initial Cash (calculated in accordance with Condition 2(E) (*First Legal Mortgages over the Initial Properties*)), together with the income earned thereon from the Closing Date, shall be released to the Issuer.

**Meetings of Bondholders:**

The Terms and Conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

**Modification, Waiver and Substitution:**

The Trustee may, without the consent of Bondholders, agree any modification to, or to the waiver or authorisation of any breach or anticipated breach of, the Trust Deed or determine that any event or omission which would, or would with the issue of a certificate or passage of time, become a Default shall not do so in the circumstances and subject to the conditions described in Condition 16 (*Meetings of Bondholders, Modification, Waiver*).

**Tax:**

All payments of principal and interest in respect of the New Bonds will be made without withholding or deduction for taxes imposed by the United Kingdom or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law. In the event that any such withholding or deduction is required, the Issuer shall, save in certain limited circumstances provided in Condition 4(J) (*Taxation*), be required to pay such additional amounts as will result in receipt by the Bondholders of such amounts as would have been received by them if no such withholding or deduction had been required.

**Risk Factors:**

There are certain factors that may affect the Issuer's ability to fulfil its obligations under the New Bonds. These include income and regulatory risks, capital resources and treasury risk, housing market and operational risk, pensions risk, risks relating to the market and risks relating to the security of the New Bonds.

**Listing and admission to trading:**

Application has been made to the UK Listing Authority for the New Bonds to be admitted to the Official List and to the London Stock Exchange for the New Bonds to be admitted to trading on the London Stock Exchange's regulated market.

**Credit Ratings:**

The New Bonds are expected to be assigned on issue a rating of "Aa2" by Moody's Investors Service, Inc. and "AA-" by Standard & Poor's Ratings Services, a division of

The McGraw-Hill Companies Inc. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

**Arranger and Dealer:**

Royal Bank of Canada Europe Limited

**Principal Paying Agent:**

The Bank of New York Mellon, acting through its London Branch (formerly JPMorgan Chase Bank)

**Trustee:**

Prudential Trustee Company Limited

**Selling Restrictions:**

There are restrictions on the offer, sale and transfer of the New Bonds in the United States, the European Economic Area (including the United Kingdom) and Canada.

**Governing Law:**

The New Bonds and the Trust Deed will be governed by, and construed in accordance with, English law.

## RISK FACTORS

*The Issuer believes that the following factors may affect its ability to fulfil its obligations under the New Bonds. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.*

*In addition, factors which are material for the purpose of assessing the market risks associated with the New Bonds issued are also described below.*

*The Issuer believes that the factors described below represent the principal risks inherent in investing in the New Bonds, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the New Bonds may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. This section is not intended to be exhaustive and prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision. If any of the following risks actually materialise, the Issuer's business, financial condition and prospects could be materially and adversely affected. No assurance can be given that prospective New Bondholders will receive full and/or timely payment of interest and principal or ultimate recovery in relation to the New Bonds.*

### **Factors which may affect the Issuer's ability to fulfil its obligations under the New Bonds**

***Liability of the Issuer under the New Bonds:*** The New Bonds will be obligations of the Issuer only and do not establish any liability or other obligation of any other person mentioned in this Offering Circular. The New Bonds will constitute direct, general, secured obligations of the Issuer and will rank equally among themselves and the Original Bonds.

***Housing Benefit:*** A proportion of the rent received by the Issuer is derived from housing benefit payable by the local authority in whose area the property is situated. The reduction or termination of housing benefit may accordingly have an adverse impact on the level of rent received. Payments of housing benefit by local authorities may be delayed as a result of, among other things, the need to establish a new claimant's entitlement thereto, the failure of the claimant to regularly pay rent, an overriding interest of the claimant not to make payments direct to the landlord, industrial action or otherwise. In such circumstances, the non payment, or any delay in payment, could affect the ability of the Issuer to meet its payment obligations under the New Bonds on a timely basis.

Pursuant to the Welfare Reform Act 2007, the UK government has introduced a reform of housing benefit for private tenants. Under this, a local housing allowance, which was introduced nationally on 7 April 2008, is paid directly to individual claimants in most cases, as opposed to the previous system of payment to landlords through local authorities. The UK government does not currently plan to extend the local housing allowance to social housing, though it aims to encourage social housing tenants to take greater personal responsibility for managing their own rent payments. If the local housing allowance was extended to social housing, the Issuer would be exposed to greater risk that tenants would fail to pay rent in full or would fail to pay rent in full on a timely basis which would create greater liquidity risk.

***Other Income & Regulatory Risks:*** There are government restrictions on the amount of rent increases which can be applied annually which act as a further constraint on the Issuer's revenues.

The Issuer also generates revenue from its housing for sale programmes (which includes shared ownership sales and outright sales) and is, therefore, exposed to market risk, in relation to housing for sale, including both demand and pricing risks. The Issuer currently receives social housing grant funding through the Housing Corporation, the government agency that, prior to the entry into force of the Housing and Regeneration Act 2008 (the **HR Act 2008**), funds new affordable homes and regulates housing associations

in England (for a further description of the HR Act 2008, see "*Housing and Regeneration Act 2008*" below). Due to the nature of grant funding, there is a risk that the subsidy will reduce over time, a risk that future grant funding could be withdrawn if the Issuer fails to comply with the Housing Corporation's regulatory framework (or that introduced by the HR Act 2008) or if development performance falls below agreed levels in terms of delivery of its approved development programme and a risk that a grant funding may be required to be repaid under certain circumstances. Any such reduction in, withdrawal of or repayment of grant funding could adversely impact the future development of the Issuer.

The challenges facing the housing market during difficult credit markets also have an impact on demand for the Issuer's property for sale provision which could place pressure on the operation cashflows and its ability to meet cash interest cover. In addition, registered social landlords are being encouraged by the Regulator to switch a number of their properties held for sale into rented provision to assist in mitigating market risk, which could have adverse short-term cashflow implications. However, the Issuer considers that, properly managed, such risk should be reasonably low given the higher than average public subsidy available from the Regulator to facilitate the transition in these circumstances.

The Housing Corporation has powers to intervene in the affairs of registered social landlords that fall into financial or managerial difficulties in order to protect the interests of tenants and to preserve the housing stock of a housing association within the social housing sector and within the regulatory regime of the Housing Corporation, including powers in relation to the 28-day moratorium on the disposal of land of a registered social landlord that is imposed upon the occurrence of certain security enforcement or insolvency related events in relation to such registered social landlord pending reaching agreement with secured creditors on a solution.

#### ***Capital Resources & Treasury Risk***

To mitigate liquidity risk and augment its capital resources, the Issuer currently relies on financing through revolving committed lines of credit from major banks, typically over five years, and through revolving unsecured debt. It also holds longer term fixed rate capital markets debt which match the longer term nature of its housing assets.

The shorter term bank lines could become unavailable to the Issuer, for example if banks decline to renew existing facilities, or if a reduction in the Issuer's credit rating makes the cost of accessing the public and private debt markets prohibitive. Although the Issuer considers that the diversity of its financing helps to protect it from liquidity risk, it could find itself unable to access these sources of financing.

The Issuer is also subject to interest rate risk in respect of its variable rate lines of credit. The Issuer's treasury function has clear policies and operating parameters, including in relation to interest rate risk management, and its activities are regularly reviewed and audited. The function does not operate as a profit centre and the undertaking of speculative transactions is not permitted.

***Housing Market & Operational Risk:*** Residential property investment is subject to varying degrees of market and operational risk. Market risks include the risk of changes to government regulation and planning and tax laws, which might adversely impact the Issuer's ability to develop land acquired, or the value of its land investments and other building development projects (which in turn may impact on its ability to satisfy any asset cover covenants which it is required to maintain in accordance with any financing documents to which it is a party), increases in interest rates, build cost inflation and the cost of financing and the need to continue to invest in its stock of housing assets held for rent and in its neighbourhoods in order to maintain its stock condition and to guard against neighbourhood decline and stock obsolescence.

Operational risks may result from major systems failure or breaches in systems security (although the Issuer has prepared disaster recovery plans in order to mitigate against this, it is dependent upon its technologies in order to deliver business process) and the consequences of theft, fraud, health and safety and environmental

issues, natural disaster and acts of terrorism. These events could result in financial loss to the Issuer, although it is indemnified in a number of instances under insurance policies for operating risks that can be mitigated through the purchase of insurance.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that the Issuer will be unable to comply with its obligations as a company with securities admitted to the Official List.

***Housing and Regeneration Act 2008:*** The Housing and Regeneration Bill of 2007 received Royal Assent on 22 July 2008. Its enactment, amongst other things, creates a new social housing regulatory regime. Pursuant to the HR Act 2008, the functions of the Housing Corporation are to be split between two new entities: the Homes and Communities Agency (the **HCA**) and the Office for Tenants and Social Landlords (the **OTSL**).

The objects of the HCA are: (a) to improve the supply and quality of housing in England; (b) to secure the regeneration or development of land or infrastructure in England; (c) to support in other ways the creation, regeneration or development of communities in England or their continued well-being; and (d) to contribute to the achievement of sustainable development and good design, each with a view to meeting the needs of people living in England.

The functions of the Housing Corporation which relate to the regulation of registered social landlords in England will be transferred to the OTSL which, under the HR Act 2008, has a set of ten statutory objectives, including ensuring that registered providers of social housing perform their functions efficiently, effectively and economically and that registered providers of social housing are financially viable and properly managed.

The transitional arrangements for the transfer of regulatory responsibility have not, as at the date of this Offering Circular, been finalised by the Department for Communities and Local Government. However, there will be a new register of providers of social housing in England, giving rise to the term "registered provider of social housing", instead of the previous concept of "registered social landlord". Unlike registered social landlords regulated under the Housing Act 1996, registered providers of social housing may operate on either a profit making or a non-profit making basis, with different regulatory regimes applicable to each type of entity. However, existing registered social landlords will automatically be treated as non-profit making registered providers for the purpose of the HR Act 2008, and will not be able to change this status.

It is not anticipated that the changes to the legislation and the regulatory framework outlined will have any material effect on the ability of the Issuer to meet its obligations under the Bonds; however, there can be no assurance of this whilst the transitional programme and the operations of the new regulatory regime remain uncertain.

The National Housing Federation (the **NHF**), which represents English housing associations, was concerned that the Bill would grant the Communities Secretary power to influence housing associations to implement government policy over non core housing activities and undermine the independence of housing association board members. The NHF is, however, broadly satisfied that the amendments made to the Bill as it passed through the House of Commons sufficiently reduce the risk of their earlier concern that the regulator's powers would bring housing associations onto the public sector balance sheet.

***Pensions Risk:*** The Issuer operates a defined benefits occupational pension scheme (the **Scheme**) in the UK. An actuarial valuation of the Scheme was carried out at 31 March 2008 by an independent qualified actuary. The calculations for this valuation have been updated to determine the Scheme's liabilities as at 31 March 2008 according to Financial Reporting Standard 17 (FRS17). An unaudited asset value of £80.4 million has been arrived at based on the asset information provided by the Scheme's investment managers and including the balance of the scheme's trustees' bank account as at 31 March 2008. The FRS17 funding position has improved in the last 12 months with the Scheme deficit falling from £25.1 million to £11.2 million. The current requirement of the pensions regulator is that all deficits are to be cleared within ten years. The

Scheme trustees are required to negotiate with the Issuer to ensure that the deficit is reduced as quickly as possible although they are not expected to make demands which would place the Issuer in financial difficulty or trigger a collapse of the Issuer or Scheme. The Issuer has agreed to increase its contributions to the Scheme as an interim measure and has pledged its unencumbered office property assets to the Scheme in order to partly secure the position.

### **Factors which are material for the purpose of assessing the market risks associated with the New Bonds**

***Suitability:*** Prospective purchasers of New Bonds should ensure that they understand the nature of the New Bonds and the extent of their exposure to risk, that they have sufficient knowledge, experience and access to professional advisers to make their own legal, tax, accounting and financial evaluation of the merits and the risks of investment in the New Bonds and that they consider the suitability of the New Bonds as an investment in light of their own circumstances and financial condition.

***Interest rate risks:*** The New Bonds bear interest at a fixed rate and therefore involve the risk that subsequent changes in market interest rates may adversely affect the value of the New Bonds.

***Redemption prior to maturity:*** In the event that the New Bonds become repayable prior to maturity either following a Default or an Acceleration Event (pursuant to Condition 13 (*Default and Acceleration*)), upon an optional redemption by the Issuer on or after the Scheduled Redemption Date (in accordance with Condition 6(C) (*Early Redemption*)) or due to taxation (pursuant to Condition 6(D) (*Redemption for tax reasons*)), the Bonds will be redeemed in full at their principal amount, plus accrued interest. In such circumstances it may not be possible for an investor to reinvest the redemption proceeds at an effective rate of interest as high as the interest rate on the New Bonds. Furthermore, the optional redemption feature of the New Bonds is likely to limit their market value as the market value generally will not rise substantially above the price at which they can be redeemed.

***Modification, waivers and substitution:*** The conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders, including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

The conditions of the Bonds also provide that the Trustee may, without the consent of Bondholders, (i) agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, the Trust Deed or (ii) determine that any Default or potential Default shall not be treated as such, in the circumstances set out in Condition 16(B) (*Modifications*).

***Change in Law:*** The conditions of the New Bonds, and the ratings which are to be assigned to them, are based on English law, regulatory and administrative practice in effect as at the date of this Offering Circular, and have due regard to the expected tax treatment of all relevant entities under United Kingdom tax law and the published practice of HM Revenue & Customs in force or applied in the United Kingdom as at the date of this Offering Circular. No assurance can be given as to the impact of any possible change to English law, regulatory or administrative practice in the United Kingdom, or to United Kingdom tax law, or the interpretation or administration thereof, or to the published practice of HM Revenue & Customs as applied in the United Kingdom after the date of this Offering Circular.

***European Monetary Union:*** It is possible that, prior to the repayment in full of the New Bonds, the United Kingdom may become a participating member state in the European Economic and Monetary Union and that the Euro will become the lawful currency of the United Kingdom. The introduction of the Euro could be accompanied by a volatile interest rate environment which could adversely affect holders of the New Bonds. It cannot be said with certainty what effect the adoption of the Euro by the United Kingdom (if it occurs) will have on the holders of the New Bonds.

**Potential Conflicts of Interest:** Each of the Issuer, the Dealer, the Trustee and the Paying Agents (the **Relevant Parties**) and their affiliates in the course of each of their respective businesses may provide services to other Relevant Parties and to third parties and in the course of the provision of such services it is possible that conflicts of interest may arise between such Relevant Parties and their affiliates or between such Relevant Parties and their affiliates and such third parties. Each of the Relevant Parties (other than the Issuer) and their affiliates may provide such services and enter into arrangements with any person without regard to or constraint as a result of any such conflicts of interest arising as a result of it being a Relevant Party.

**Taxation:** Under the conditions of the New Bonds (see Condition 4(J) (*Taxation*) below), the Issuer will not be entitled to make any deduction or withholding on account of tax from payments in respect of the New Bonds unless such withholding or deduction is required by law. In the event that any deduction or withholding on account of tax is required by law, the Issuer shall be required (except in the limited circumstances set out in Condition 4(J) (*Taxation*)) to pay such additional amounts as will result in the receipt by the Bondholders of such amounts as would have been received by them if no such withholding or deduction had been required. Where the deduction or withholding is required as a result of a change in applicable law or regulations, the Issuer may exercise its option to redeem the New Bonds in full on the next Interest Payment Date at the nominal amount, plus accrued interest pursuant to Condition 6(D) (*Redemption and Purchase of Bonds*). As mentioned above, in such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the New Bonds

For a description of the current United Kingdom law and practice relating to withholding tax treatment of the New Bonds, see below in "*United Kingdom Taxation*".

**EU Savings Directive:** Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any New Bond as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

**Exchange rate risks and exchange controls:** The Issuer will pay principal and interest on the New Bonds in Sterling. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than Sterling. These include the risk that exchange rates may significantly change (including changes due to devaluation of Sterling or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's

Currency relative to Sterling would decrease (1) the Investor's Currency-equivalent yield on the New Bonds, (2) the Investor's Currency-equivalent value of the principal payable on the New Bonds and (3) the Investor's Currency-equivalent market value of the New Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

**Legal investment considerations may restrict certain investments:** The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the New Bonds are legal investments for it, (2) the New Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of the New Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the New Bonds under any applicable risk-based capital or similar rules.

### ***Risks Relating to the Security of the New Bonds***

**Considerations relating to the Security:** The New Bonds will be secured by security granted by the Issuer, pursuant to the Trust Deed, in favour of the Trustee for the benefit of the Bondholders and such security includes first fixed charges over the property and rights set out in the Trust Deed.

The validity of any security given by the Issuer in connection with additions and substitutions of Mortgaged Properties may depend on the solvency of the Issuer at the time of the grant.

**Fixed charges may take effect under English law as floating charges:** Pursuant to the Trust Deed, the Issuer has purported to grant fixed charges over, amongst other things, all rights and benefits under the Charged Account. The law of England and Wales relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than assignment of security) may take effect under English law as floating charges only if, for example, it is determined that the Trustee does not exert sufficient control over the charged assets for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then the claims of the Trustee will be subject to claims which are given priority over a floating charge by law, including, amongst other things, prior charges, certain subsequent charges, the expenses of any winding up or administration and the claims of preferential creditors.

**Mortgagee in Possession Liability:** There is a risk that the Trustee may be deemed to be a mortgagee in possession if it physically enters into possession of a Mortgaged Property or performs an act of control or influence which may amount to possession, such as submitting a demand direct to tenants requiring them to pay rents to the Trustee. The consequence of being a mortgagee in possession would be that the Trustee may be obliged to account to the Issuer for the income obtained from the Mortgaged Property, be liable for any damage to the Mortgaged Property, have a limited liability to repair the Mortgaged Property and, in certain circumstances, may be obliged to make improvements or incur financial liabilities in respect of the Mortgaged Property. A mortgagee in possession may also be liable to a tenant for any mismanagement of the relevant property and may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), the liabilities of a property owner.

### ***Risks Relating to the Market Generally***

**Potential Limited Liquidity:** The New Bonds may not have an established market when issued. There can be no assurance of a secondary market for the New Bonds or the continued liquidity of such market if one develops. The development or continued liquidity of any secondary market for the New Bonds will be

affected by a number of factors such as the state of credit markets in general and the creditworthiness of the Issuer, as well as other factors such as the time remaining to the maturity of the New Bonds.

In particular, prospective purchasers should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Offering Circular), whereby there is a general lack of liquidity in the secondary market for instruments similar to the New Bonds. Such lack of liquidity may result in investors suffering losses on the New Bonds in secondary resales even if there is no decline in the performance of the assets of the Issuer. The Issuer cannot predict which of these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Bonds and investments similar to the Bonds at that time.

***Credit ratings may not reflect all risks:*** It is expected that the New Bonds will be rated "Aa2" by Moody's and "AA-" by S&P. These ratings may not reflect the potential impact of all risks related to the Issuer, market and other factors that may affect the value of the New Bonds. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

- (i) the Issuer is in compliance with, *inter alia*, the covenants set out in Conditions 11 and 12 below; and
  - (ii) upon such substitution the Net Annual Income Cover Ratio is at least equal to the Required Ratio relating to the immediately preceding Interest Payment Date, if ascertained immediately after such substitution; and
  - (iii) either:
    - (1) the Mortgaged Properties as a whole after such substitution are substantially similar to the Mortgaged Properties as a whole prior to such substitution in relation to condition, size, tenancy type, gross rent, net rent and market rent level and it has not been made aware by any of the Rating Agencies that such substitution would or might cause such Rating Agency to withdraw or downgrade its credit rating of the Bonds (but, for the avoidance of doubt, without any obligation on the Trustee to consult with any of the Rating Agencies prior to any such substitution); or
    - (2) each Rating Agency has nevertheless confirmed that such substitution will not cause such Rating Agency to withdraw or downgrade its then current credit rating of the Bonds; and
  - (iv) the Issuer has certified to the Trustee in writing that the Properties proposed by the Issuer to be substituted for any or all of the Mortgaged Properties satisfies each Rating Agency's Substitution Conditions or, if the Issuer does not so certify, the Rating Agency has nevertheless confirmed that such substitution will not cause such Rating Agency to withdraw or downgrade its then current credit rating of the Bonds;

and provided further that any Substituting Cash so charged in accordance with this Condition 8(A) shall, within two years from the date it is charged to the Trustee, be replaced with first legal mortgages ranking in priority to all other charges over sufficient Property, supported by appropriate Substitution Statements, so that the Mortgaged Properties as a whole after such replacement are substantially similar to the Mortgaged Properties as a whole prior to the substitution with Substituting Cash in relation to condition, size, tenancy type, gross rent, net rent and market rent levels.

- (b) In determining whether or not the Net Annual Income Cover Ratio is at least equal to the Required Ratio for the purposes of this Condition 8(A) or Condition 9(B) below, the Trustee may rely, in respect of the Net Annual Income Received attributable to the new Property and/or cash and the Property and/or cash being withdrawn, on the figures set out in the relevant Substitution Statement and, in respect of the Net Annual Income Received attributable to the other relevant parts of the Security, on the figures shown in the last Income Cover Statement.

(B) ***Substitution of Initial Properties***

Any such election will take effect on the Issuer paying to the credit of the Debt Service Reserve Account additional cash having an aggregate Value equal to the Net Annual Income Received attributable to such Void Properties. (Void Properties in respect of which such an election has been made are herein referred to as **Substituted Void Properties**.)
- (b) The Issuer may not make an election under Condition 8(C)(a)(a) above if it would result in the Net Annual Income Received last attributable to all Substituted Void Properties exceeding 5 per cent. of the Net Annual Income Received from the Security as at the date of election.
- (c) The Issuer may, at any time elect by notice to the Trustee that a Property that is a Substituted Void Property and has ceased to be void be no longer a Substituted Void Property and on such election:
  - (i) such Property shall cease to be a Substituted Void Property and only the actual Net Annual Income Received from such Property shall be taken into account for the purposes of calculating the Net Annual Income Cover Ratio; and

- (ii) there shall, unless and until a Default Notice or an Acceleration Notice shall have been issued in accordance with Condition 13(D) below and for so long as an Income Capture Period does not exist, be released from the Debt Service Reserve an amount equal to the lesser of:

  - (2) such amount as is equal to the amount by which (x) the Value of the Debt Service Reserve exceeds (y) the aggregate of the amount of the Initial Debt Service Reserve Payments and all amounts paid to the credit of the Debt Service Reserve Account pursuant to these Conditions (other than Condition 2(B) above and this Condition 8(C)) (to the extent not released from the Debt Service Reserve pursuant to any other Condition) and the income accrued thereon to the extent it has not been released from the Debt Service Reserve in accordance with these Conditions.
- (d) A Property that becomes a Substituted Void Property shall remain a Substituted Void Property for a maximum period of 12 months and thereafter cease to be a Substituted Void Property with the effect that only the actual Net Annual Income Received from such Property shall be taken into account for the purposes of calculating the Net Annual Income Cover Ratio.

**9. Security Additions and Withdrawals**

**(A) *Withdrawals***

If an Income Cover Statement shows that the Gross Annual Income Cover Ratio and the Net Annual Income Cover Ratio are each greater than the relevant Withdrawal Ratio, the Issuer may within the period of three months after the Interest Payment Date to which such Income Cover Statement relates (or such longer period as the Trustee may approve) withdraw from the Security Mortgaged Properties and/or cash and Permitted Investments in the Debt Service Reserve without substituting other Property, Permitted Investments or cash, provided that:

  - (3) after such withdrawal the Value of the Debt Service Reserve is not less than the aggregate of the amount of the Initial Debt Service Reserve Payments and the aggregate of all amounts paid to the credit of the Debt Service Reserve Account pursuant to these Conditions (other than Condition 2(B) above) (to the extent not released from the Debt Service Reserve pursuant to any other Condition) together with all income accrued thereon to the extent it has not been released from the Debt Service Reserve in accordance with these Conditions; and
  - (4) no Income Capture Period exists; and
- (iii) the Trustee has not been made aware by any Rating Agency that such withdrawal would or might cause such Rating Agency to withdraw or downgrade its ratings ascribed to the Bonds (but for the avoidance of doubt without any obligation on the Trustee to consult such Rating Agency prior to such withdrawal) provided that if the Trustee has been made so aware the Issuer may withdraw Mortgaged Properties so long as the Trustee is satisfied as to (1) to (4) inclusive above and so long as the remaining Mortgaged Properties after such withdrawal shall comprise at least 100 units.

**(B) *Right to Buy***

The Issuer shall have the right to withdraw a Mortgaged Property from the Security in satisfaction of any statutory right of a tenant to buy such Mortgaged Property or where a grant is provided to the Issuer pursuant to Section 20 or Section 21 of the Housing Act 1996 in respect of any disposal to a tenant (or any similar statutory provision). If the Issuer withdraws Mortgaged Property in accordance with this Condition 9(B), the Issuer shall, unless it provides the Trustee with a certificate prepared by the Issuer certifying that after such withdrawal the Net Annual Income Cover Ratio is greater than the Required Ratio for the immediately preceding Interest Payment Date, charge by way of first legal mortgage and/or fixed charge in favour and to the satisfaction of the Trustee further Property and/or Substituting Cash and shall provide to the Trustee a Substitution Statement of the Net Annual Income Received attributable to the new Property and/or cash and the Mortgaged Property being withdrawn such that the Trustee is satisfied that the Net Annual Income Cover Ratio would be at least equal to the Required Ratio relating to the immediately preceding Interest Payment Date if calculated immediately after such substitution, provided that any Substituting Cash so charged in accordance with this Condition 9(B) shall, within two years from the date it is charged to the Trustee, be replaced with first legal mortgages ranking in priority to all other charges over sufficient Property, supported by appropriate Substitution Statements, such that the Trustee is satisfied that the Net Annual Income Cover Ratio would be at least equal to the Required Ratio relating to the immediately preceding Interest Payment Date if calculated immediately after such substitution.

(B) **Repairs**

If upon any such Property Condition Survey the Surveyors are of the opinion that the general condition of the Mortgaged Properties as a whole and the buildings and landlord's fixtures and fittings in or upon the same is such that they have not been maintained in a state of good and tenantable repair, the Issuer shall take such steps as the Surveyors shall reasonably recommend to bring the same into a state of good and tenantable repair within a reasonable period of time recommended by the Surveyors.

(C) **Continued Repairing Breach**

If upon the expiry of the reasonable period of time recommended by the Surveyors, the Surveyors are still of the opinion that the general condition of the Mortgaged Properties as a whole and the buildings and landlord's fixtures and fittings in or upon the same is not one of good and tenantable repair, then, subject to Condition 10(E) below, the Issuer shall within 30 days pay to the Repair Sinking Fund an amount, agreed by the Surveyors, as being sufficient to put the Mortgaged Properties in good and tenantable repair and if the Issuer fails to make such payment the Net Annual Income Received from the Security shall thereafter (to the extent it is not already so paid) be paid by the Issuer to the credit of the Debt Service Reserve Account in accordance with Condition 6(F)(c).

(D) **Release from Debt Service Reserve**

- (1) the amount of the Gross Annual Income Received from the Security in respect of any period paid to the credit of the Debt Service Reserve Account pursuant to Condition 10(C) above together with any income accrued thereon (if not already released in accordance with Condition 5(D) above); and
- (2) such amount as is equal to the difference between (x) the Value of the Debt Service Reserve and (y) the aggregate of the amount of the Initial Debt Service Reserve Payments and the aggregate of all amounts paid to the credit of the Debt Service Reserve Account pursuant to these Conditions (other than Conditions 2(B) and (C) above) (to the extent not released from the Debt Service Reserve pursuant to any other Condition) together with income accrued thereon to the extent it has not been released from the Debt Service Reserve in accordance with these Conditions.

(E) **Option to give cash security**

- (a) In the circumstances set out in Condition 10(C) above, the Issuer may charge by way of fixed charge in favour of the Trustee such amount of cash (together with any Permitted Investments at any time representing the same, **Repair Sinking Fund**) as the Surveyors stipulate to be the cost of carrying out the necessary remedial works to ensure that the general condition of the Mortgaged Properties as a whole and the buildings and landlord's fixtures and fittings in or upon the same is one of good and tenantable repair. If the Issuer so charges such amount of cash it shall not be obliged, pursuant to Condition 10(C) above, to

apply the Net Annual Income Received from the Security to the credit of the Debt Service Reserve Account.

- (b) The Trustee shall release from the charges created by the Trust Deed and repay to the Issuer, cash in the Repair Sinking Fund as and when the remedial works in respect of which such amount of the Repair Sinking Fund was deposited are completed to the satisfaction of the Surveyors.

OR

- (ii) the Issuer obtains written confirmation from an Authorised Institution, in form and substance satisfactory to each Rating Agency, that such Authorised Institution is willing, whether pursuant to a committed facility or otherwise, to provide funds to the Issuer sufficient to enable the Issuer to redeem the Bonds on the Scheduled Redemption Date.

- (viii) without the prior written consent of the Trustee, steps are taken to appoint an administrator of, wind up or dissolve the Issuer (save for any such steps which the Issuer is, in good faith, contesting with, in the reasonable opinion of the Trustee, a good prospect of success); or
- (ix) any of the Security is not, or ceases to be, binding or is, or becomes, unenforceable provided that it shall not be on Acceleration Event under this Condition 13(B)(ix) if (1) the Security which is not, or ceases to be binding or is, or becomes, unenforceable, is over Mortgaged Properties in respect of which the Issuer satisfies the Trustee that the Net Annual Income Received in respect of such Mortgaged Properties during the twelve month period ending on the date on which the Acceleration Event would otherwise have occurred is less than 50 per cent. of the Net Annual Income Received in respect of all Mortgaged Properties for such period and (2) within sixty days of the date on which the Acceleration Event would otherwise have occurred the Issuer grants such further security in favour of the Trustee over such other Property of the Issuer as may be approved by the Trustee (such approval not be unreasonably withheld); or
- (x) as shown by the relevant Income Cover Statements, the Net Annual Income Cover Ratio is less than the Required Ratio in respect of two successive Interest Payment Dates *provided that*, if the Net Annual Income Cover Ratio is less than the Required Ratio the Issuer may, at its option and for a period of not more than 2 consecutive years, within 5 Business Days of the second Interest Payment Date pay sufficient cash into the Debt Service Reserve Account such that the Net Annual Income Cover Ratio (taking into account the Deemed Annual Income Amount in respect of such cash) is greater than or equal to the Required Ratio.

**(C) *Notice of Default or Acceleration Event***

So long as any of the Bonds remain outstanding the Issuer will, forthwith upon becoming aware of the occurrence of any Default or Acceleration Event, give notice in writing thereof to the Trustee.

**(D) *Consequence of a Default or Acceleration Event***

If any Default or Acceleration Event shall have occurred the Trustee in its discretion may, and upon the request in writing of the holders of at least one-fifth in aggregate outstanding nominal amount of the Bonds or upon being so directed by an Extraordinary Resolution of the Bondholders shall

(subject in each case so being indemnified to its satisfaction), declare by notice to the Issuer (any such notice following a Default, a **Default Notice** and any such notice following an Acceleration Event, an **Acceleration Event Notice**) that the Bonds have become due and repayable, whereupon the Bonds shall become immediately due and repayable at the outstanding nominal amount of the Bonds together with accrued interest, and the security therefor shall become immediately enforceable provided that, if the Security has become enforceable otherwise than by reason of a Default, the Trustee will not be entitled to dispose of any assets comprised in the Security or any part thereof unless the Trustee is advised by an investment bank or other financial advisor selected by the Trustee (any costs incurred by the Trustee to be met by the Issuer) that (i) a sufficient amount would be realised to allow discharge in full of all amounts owing to the Bondholders and any amounts required under the Trust Deed to be paid *pari passu* with, or in priority to, the Bonds or (ii) the cash flow prospectively receivable from the Mortgaged Properties will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing to the Bondholders and any amounts required under the Trust Deed to be paid *pari passu* with, or in priority to, the Bonds or (iii) the Trustee considers, in its absolute discretion, that not to effect such disposal would place the Security in jeopardy.

#### **14. Enforcement Proceedings**

If the security constituted under the Trust Deed becomes enforceable as a result of a Default or Acceleration Event having occurred, the Trustee may, at its discretion, take such action to ensure the continuation of payment of principal and interest on the Bonds as it deems appropriate, including, without limitation, the transfer of the Bonds to another Registered Social Landlord or Non-Profit Registered Provider, as applicable, and the appointment of a receiver to manage the Security, provided that the Trustee shall, if so requested in writing by the holders of at least one-fifth in aggregate outstanding nominal amount of the Bonds or if so directed by an Extraordinary Resolution of the Bondholders (subject in each case to being indemnified to its satisfaction), take action to realise the security and/or (if applicable) take such action against the Issuer as may be permitted under applicable laws and (if applicable) as may have been so directed or requested to enforce the obligations of the Issuer.

The Bondholders will have power by Extraordinary Resolution, *inter alia*, to sanction any modification, abrogation or compromise of or arrangement in respect of their rights against the Issuer or in respect of the Security and to sanction any modification of the provisions of the Trust Deed proposed or agreed to by the Issuer. In addition, the Trustee will have power, without the sanction of an Extraordinary Resolution, to concur with the Issuer in making any modification to, or to waive or authorise any breach or anticipated breach of, the Trust Deed or determine that any event or omission which would, or would with the issue of a certificate or the passage of time, become a Default shall not do so, provided always that such modification, breach or determination is not, in the opinion of the Trustee, materially prejudicial to the interests of the Bondholders or such modification is made to correct a manifest error or is required to obtain or maintain a listing for any series of the Bonds on the Official List of the Financial Services Authority or to trading on the London Stock Exchange plc or is of a formal, minor or technical nature. Any such modification, waiver, authorisation or determination and any consents given or discretions exercised by the Trustee may be made, given or exercised on such terms and subject to such conditions as the Trustee thinks fit.

## SUMMARY OF PROVISIONS RELATING TO THE NEW BONDS WHILE IN GLOBAL FORM

The New Bonds will initially be in the form of the Temporary Global Bond in bearer form, without coupons or talons, to be deposited with a common depository for Euroclear and Clearstream, Luxembourg on the Closing Date. The Temporary Global Bond will be exchangeable in whole or in part not earlier than 40 days after the Closing Date, and upon certification of non-U.S. beneficial ownership, for interests in a Permanent Global Bond in bearer form without coupons or talons, which will also be deposited with such common depository for Euroclear and Clearstream, Luxembourg. The Permanent Global Bond will be exchangeable for definitive Bonds only in the circumstances described below. Upon deposit of the Temporary Global Bond with such common depository, Euroclear and Clearstream, Luxembourg will credit each subscriber with a principal amount of the New Bonds equal to the principal amount thereof for which it has subscribed and paid.

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a New Bond represented by a Global Bond must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Bond and in relation to all other rights arising under such Global Bond, subject to and in accordance with the respective rules and procedures of Euroclear and Clearstream, Luxembourg. Such persons shall have no claim directly against the Issuer in respect of payments due on the New Bonds for so long as the New Bonds are represented by such Global Bond and the relevant obligations of the Issuer will be discharged by payment to the bearer of such Global Bond in respect of each amount so paid.

*Exchange:* The Permanent Global Bond will be exchangeable in whole but not in part for New Bonds in definitive form if either of the following events (each an **Exchange Event**) occurs: (a) either Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 13 (*Default and Acceleration*) occurs, provided however, that the Permanent Global Bond will not be exchanged for New Bonds in definitive form unless and until the global bond in respect of the Original Bonds is exchanged for definitive bonds in accordance with the terms thereof. Any definitive Bonds will be made available for collection by the person(s) entitled thereto at the specified office of any Paying Agent. If the Issuer makes the required delivery of such definitive Bonds, then the Permanent Global Bond will void and the bearer will have no further rights thereunder.

The Global Bonds contain provisions which apply to the New Bonds while they are in global form, some of which modify the effect of the Conditions set out in this document. The following is a summary of those provisions:

1. *Payments:* Payments will only be made in respect of the Temporary Global Bond, in the case of interest falling due before the Exchange Date, to the extent that a certificate or certificates issued by Euroclear and/or Clearstream, Luxembourg dated not earlier than the date on which such interest falls due or, in the case of interest falling due at anytime, to the extent that the Issuer has failed to procure the exchange of interests in the Temporary Global Bond for interests in the Permanent Global Bond. Payments of principal and interest in respect of New Bonds represented by the Permanent Global Bond will be made against presentation and endorsement and, if no further payment falls to be made in respect of the New Bonds, surrender of the Permanent Global Bond at the specified office of any Paying Agent. A record of each payment so made will be endorsed in the appropriate schedule to the Permanent Global Bond, which endorsement will be *prima facie* evidence that such payment has been made.
2. *Notices:* So long as the New Bonds are represented by a Global Bond and such Global Bond is held on behalf of a clearing system, notices to Bondholders may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for

publication as required by the Conditions and such notices shall be deemed to have been given to the Bondholders in accordance with Condition 24 (*Notices*) on the date of delivery to the clearing systems.

3. *Prescription:* Claims against the Issuer in respect of principal and interest on the New Bonds which are represented by a Global Bond will become void unless presented for payment within a period of 10 years (in the case of principal) or five years (in the case of interest) from the due date for the payment thereof.
4. *Meetings:* The holder of a Global Bond will be treated as being two persons for the purposes of any quorum requirements of a meeting of Bondholders and, at such meetings, as having one vote in respect of each New Bond for which such Global Bond may be exchanged.
5. *Cancellation:* Cancellation of any New Bond required by the Conditions to be cancelled will be effected by reduction in the principal amount of the relevant Global Bond.

## USE OF PROCEEDS

The net proceeds of the issue of the New Bonds (after deduction of expenses payable by the Issuer and less the New Bond Accrued Interest) will be deposited in the Debt Service Reserve Account, the Repair Sinking Fund and the Initial Cash Security Account in accordance with Condition 2 (*Security*) to be held as security for the benefit of the Bondholders.

Following its release to the Issuer in accordance with Condition 2(E) (*First Legal Mortgages over the Initial Properties*), the Initial Cash shall be applied by the Issuer to refinance existing loans and any remaining funds will be used in furtherance of the Issuer's objects, which include, but are not limited to, the maintenance and improvement of its housing stock and the supply of additional social housing. The New Bond Accrued Interest shall be held by the Issuer in order partially to fund the first interest payment due on the New Bonds on 31 January 2009.

## DESCRIPTION OF THE ISSUER

Places for People Homes Limited (formerly known as North British Housing Limited) (the **Issuer**) was incorporated in England with limited liability under the Industrial and Provident Societies Act 1965 (with registered number 19447R) on 14 May 1970 and is registered under the Housing Act 1996 with the Housing Corporation (with registered number L0659). It is also affiliated to the National Housing Federation. The registered address of the Issuer is 4 The Pavilions, Port Way, Preston PR2 2YB. The telephone number of its registered address is 01772 897 200.

The Issuer changed its name from North British Housing Limited to Places for People Homes Limited on 24 May 2006.

### Business Overview of the Issuer and the Places for People Group

The Issuer is a subsidiary of Places for People Group Limited which is the parent company of the Places for People group of companies (the **Group**). The Issuer is the main asset holding company within the Group.

The Issuer is a registered social landlord (and will, following the implementation of the relevant sections of the Housing and Regeneration Act 2008, be a registered provider of social housing) and a not-for profit organisation whose activities are regulated by the Housing Corporation. Under the Housing and Regeneration Act 2008, the functions of the Housing Corporation are to be transferred to two separate bodies: the Homes and Communities Agency (the **HCA**) and the Office for Tenants and Social Landlords (the **OTSL**). The main regulatory responsibility for the activities of the Issuer will rest with the OTSL. As at the date of this Offering Circular, the transitional arrangements relating to the Housing and Regeneration Act 2008 have not been finalised.

The Issuer's primary business objects are to provide a wide range of products and services in the housing sector including the development of new homes at affordable and open market rents, and for open market and affordable residential property sales.

The Group is one of the largest property management and development group of companies in the UK, comprising 59,871 homes (as at 31 March 2008) either owned or managed in a mixture of different tenures and an asset base at a cost of £2.5 billion. With 2178 full time equivalent employees (as at 31 March 2008), the Group provides a diverse range of products and services to create high quality, safe and sustainable communities. The Group provides a range of housing solutions, specialist care and support services, employment and training opportunities, financial services and regeneration master planning.

The Group consists of three other registered social landlords and a number of other operating subsidiaries which are pursuing complementary activities. The registered social landlords are run as businesses and any surplus which may result from their operations are reinvested in the Group. The Group provides central services to the companies within the Group. The Board of Directors of Places for People Group Limited (the **Group Board**) sets strategy across the Group and approves the business plans of the operating subsidiaries, including that of the Issuer.

At 31 March 2008, the Issuer owned 38,983 homes for rent. The property portfolio includes houses, apartments and bungalows for families, single and elderly people. In addition, the Issuer had retained equity interests in 9,134 shared ownership properties.

Active in over 200 local authority areas, the Issuer works in partnership with a wide range of statutory and voluntary organisations to deliver a locally responsive service, backed by the expertise and financial strength of the Group. This is demonstrated by the broad scope of the Issuer's activities, which include:

- the management of quality, affordable housing for families, couples and single people and accommodation for students;
- investment in new development — large scale regeneration and conversion schemes; and
- low cost home ownership initiatives.

Recent and current developments that the Issuer is involved in include St Thomas' School in London, Infirmary Waterside in Blackburn, and Wolverton in Milton Keynes.

*St Thomas' School, London*

Working in partnership with the London Diocesan Board for Schools the Issuer will construct a new primary school in the London Borough of Kensington & Chelsea, the costs of which will be met from the proceeds from sale of flats which will be constructed above the school. In total 69 flats will be built for a combination of market sale, shared ownership sale and affordable renting.

*Infirmary Waterside, Blackburn*

Delivered in partnership with the Housing Corporation, the Local Authority, Elevate (the regional Housing Market Renewal Agency) and English Partnerships, this mixed tenure development will facilitate regeneration in one of the Government's identified market renewal areas. The development, now underway, will take approximately 5 years to complete and will deliver a total of 131 homes for a combination of market sale, shared ownership sale and affordable renting.

*Wolverton, Milton Keynes*

At Wolverton, near Milton Keynes, 300 new apartments, duplexes, penthouses and town houses, including 90 affordable homes, as well as commercial space are being created on a disused brownfield site. The project involves the redevelopment of a historic train-building site that was once home to the Royal Train. The project is now nearing completion.

#### **Administrative, management and supervisory bodies**

The Group operates in most parts of England through a functional management structure designed to promote effective service delivery and accountability at a local level.

The Group Board is responsible for setting strategies and policies for the whole Group and coordinating the Group's activities through an Independence and Responsibility Agreement with each subsidiary.

The Group Board exercises control over the Issuer through an Independence and Responsibility Agreement, a Service Level Agreement and power granted to Places for People Group Limited in the Rules of the Issuer. The Group established its Assurance and Regulation Board (**ARB**) structure in 2005 to streamline the governance process for its registered social landlords. The ARB structure has since been refined so that the ARB acts as the board of charitable entities such as Places for People Individual Support Limited and Places for People Neighbourhoods. Responsibility for operational oversight of the Issuer has been delegated by the Group Board to the ARB because the members of the ARB are closely connected with the Group's 'Place' agenda which includes housing management but which extends also to other areas of the Group activity.

The Group Board is responsible for maintaining and reviewing the Group's system of internal control. The Group has an audit and risk management committee which is responsible to the Group Board for monitoring this system and reporting on its effectiveness.

#### *Corporate Governance*

In July 2007, the Housing Corporation issued a circular 07/07 on internal controls assurance which codifies the applicability to Registered Social Landlords of the provisions of the Combined Code on Corporate Governance. The Group Board believes that Places for People Group Limited has in place the control framework required to comply with the requirements of the circular 07/07. The Group Board is of the view

that the Group complies with the Combined Code of Corporate Governance including the recommendations of the Higgs and Smith Reports, which were incorporated within the revised Combined Code.

The overall internal control framework comprises:

- frameworks and structures to ensure that the business remains viable and is managed effectively; and
- the identification of appropriate assurance mechanisms which can be used to ensure that the internal control framework is operating effectively.

A key element of the required process is that the Group Chief Executive submits a report to the Group Board on the position in relation to assurance on internal control.

#### **Shareholders and capital structure**

The Issuer's shares carry no right to interest, dividend or bonus. When a shareholder ceases to be a shareholder, his or her share is cancelled and the amount paid up becomes the property of the Issuer. Any shareholder must be proposed for shareholder membership by Places for People Group Limited.

Dear Sirs,

**Places for People Homes Limited £180 million 5.09 per cent Secured Bonds due 2043 (to be consolidated and form a single series with the £200,000,000 5.09 per cent Secured Bonds due 2043 issued on 10 July 2003 (the "Original Bonds")) (the "New Bonds" and, together with the Original Bonds, the "Bonds")**

In accordance with our email of engagement dated 24<sup>th</sup> September 2008, and information supplied between the 12<sup>th</sup> August 2008 until the date of this report, we have performed a review of the management and maintenance costs for the properties scheduled to this letter, which will be charged by Places for People Homes Limited ("Places for People") as security for the Bonds.

## 1. Introduction

Our appraisal has been prepared from inspection of the properties to provide an assessment of the minimum level of annual expenditure required to manage and maintain the properties in good and tenable condition, taking into consideration the following: -

Places for People Homes Limited  
Prudential Trustee Company Limited  
Royal Bank of Canada Europe Limited  
£180,000,000 5.09 per cent Secured Bonds due 2043 (to be consolidated  
and form a single series with the £200,000,000 5.09 per cent  
Secured Bonds due 2043 issued on 10 July 2003)  
Job No: 08029233  
Date of Report: 5<sup>th</sup> January 2009  
Date of Valuation: 5<sup>th</sup> January 2009

- a. Management provision;
- b. maintenance and major repair costs to retain the stock in a satisfactory and lettable condition (no provision has been made for a sinking fund for repair works likely to occur more than five years in the future);
- c. property insurance (contents insurance where appropriate for communal furnishings and fittings);
- d. ground and head rents, water rates and rental apportionments or agreements where notified by the Association, and;
- e. Service and care costs (if applicable);

The assessment of expenditure levels should be read in conjunction with the full definitions and limitations outlined within the report Terms and Conditions. In preparing our estimates we have not considered the financial status of Places for People and have assumed that they will remain a position to offer similar economies of scale and in a position to honour their financial obligations at the time of assessment.

We have carried out a complete external inspection of the stock and an internal inspection amounting to approximately 22.3%. We can confirm that employees of DTZ have undertaken all inspections relating to the condition of the stock. We can confirm that all inspections relating to the condition of the stock have been undertaken or supervised by qualified RICS employees of DTZ.

## 2. Appraisal Assumptions

Certain assumptions have been made in order to arrive at the expenditure forecasts of the properties.

- i. Expenditure on reactive repairs has been estimated based on actual costs and our assessment of current average costs for the next five-year period.
- ii. Expenditure on major repairs has been estimated on actual costs and our assessment of current average costs for the next five year period.
- iii. Management costs have been estimated taking into consideration Places for People's actual and proposed future management costs based on current average costs.
- iv. The expenditure estimate for each scheme or cluster has been appraised assuming economies of scale through it forming part of the subject portfolio.
- v. Service and care costs, where applicable, are levied in addition to the management provision and are assumed to be self-financing with a neutral budget impact. They are specifically excluded from our scheme management provision within the schedule.
- vi. All roads and services within each scheme or cluster on which the properties are dependent are assumed to be made up to an adoptable standard and maintained by the respective local authority and statutory undertaker, unless otherwise stated.
- vii. Assessments of management costs and expenditure have all been made net of inflation.
- viii. All management and maintenance expenditure have been assessed as at today's prices.
- ix. Our assessment specifically excludes the effects of any disposal transactions undertaken within existing or proposed 'Right to Buy' legislation.

### **3. Terms and Conditions**

#### **Tenancy Agreements**

Written enquiries were made to Places for People and no information was provided to us regarding the existence of any non-standard assured or regulated tenancy agreements. We have assumed all units are let on standard agreements unless noted to the contrary in the respective reports.

#### **Title**

We have not been provided with access to Title Deeds of the properties and have assumed that the subjects are free from any onerous or unusual covenants, restrictions or statutory notices that would affect the estimates unless specifically advised to the contrary by Places for People or their legal advisers.

#### **Planning and Statutory Requirements**

We have assumed that the existing houses on site have been built in full compliance with valid town planning and building regulations approvals and that the properties are not subject to any outstanding statutory notices as to their construction, use or occupation. Unless our enquiries reveal to the contrary, we have also assumed that the existing use of the properties is duly authorised or established and that no adverse planning proposals or restrictions apply.

#### **Plant, Machinery and Common Facilities**

No allowance has been made in this appraisal for any item of plant or machinery not forming part of the services installations of the building. Specifically excluded have been all items of plant, machinery and equipment installed wholly or primarily in connection with the tenants' occupation of the premises, furnishings and fixtures and fittings.

Where there are common facilities within the schemes and their usage is reflected in the rental levels and agreements, we have assumed that these facilities will form part of the security.

### **Condition of Structure and Services, Deleterious Materials**

A structural survey of all properties on each development has not been undertaken. We have not arranged for investigation to be carried out to determine whether high Alumina cement concrete, calcium chloride additive or any other deleterious materials have been used in the construction and we are therefore not able to confirm that the property is free from risk in this regard.

To assist in determining our opinion of the properties' condition we have undertaken an external inspection of all units and an internal inspection of a sample unit on each scheme. Places for People have provided details of their proposed maintenance costs and estimates from stock condition surveys undertaken on the stock.

The inspections were not undertaken in order to provide a detailed statement as to the condition of the housing stock, but to identify out goings for inclusion in the estimates of expenditure.

We have been specifically informed by Places for People that the majority of the units which are less than 10 years old have the benefit of NHBC, HAPM or similar warranty cover and that none of the subject properties are designated 'Defective' under the Housing Act 1988.

### **Contamination**

No mining, geological or other investigation has been undertaken to certify that the site is free from any defects as to foundations nor have any investigations been undertaken into environmental pollution or human health hazards caused by the accumulation, emission or discharge of noxious gases or liquids caused by deposits of controlled or uncontrolled wastes.

We have been instructed not to make any investigations in relation to the presence or potential presence of contamination in land or buildings. We have assumed that if investigations were made to an appropriate extent then nothing would be discovered sufficient to affect the net cashflow.

Date of Valuation: 5<sup>th</sup> January 2009

Enquiries were made directly to Places for People and no information was provided to us indicating that there has been pollution/contamination. In these circumstances the assumption we have been instructed to make is in our opinion a reasonable one, provided that searches undertaken by your legal advisers do not indicate any further matters of concern in this regard. Where there is an exception and Places for People has made us aware of this, we have made further comment in the respective reports.

#### **Restrictive Covenants and Easements**

Our appraisal assumes that there are no unknown burdens pecuniary or otherwise affecting the subject properties, which would have an adverse effect on the cashflow. In particular, there are no servitudes, 'Rights of Way' or outstanding repair liabilities of which we have not been informed by Places for People.

Yours faithfully

## UNITED KINGDOM TAXATION

The following applies only to persons who are the beneficial owners of New Bonds and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective holders of the New Bonds (the New Bondholders) depends on their individual circumstances and may be subject to change in the future. Prospective New Bondholders may be subject to tax in a jurisdiction other than the United Kingdom.

This is not intended to constitute a complete analysis of all tax consequences relating to the ownership of the New Bonds. Prospective purchasers of the New Bonds should seek their own professional advice concerning the tax consequences of their particular situations.

### A. Interest on the New Bonds

#### 1. *Payment of interest on the New Bonds*

Payments of interest by the Issuer on the New Bonds may be made without deduction of or withholding on account of United Kingdom income tax provided that the New Bonds continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 (the Act). The London Stock Exchange is a recognised stock exchange. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000) and admitted to trading on the London Stock Exchange. Provided, therefore, that the New Bonds remain so listed, interest on the New Bonds will be payable without withholding or deduction on account of United Kingdom tax.

Interest on the New Bonds may also be paid without withholding or deduction on account of United Kingdom tax where interest on the New Bonds is paid by a company and, at the time the payment is made, the company which makes the payment reasonably believes that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest, provided that HM Revenue & Customs has not given a direction (in circumstances where it has reasonable grounds to believe that it is likely that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

In other cases, an amount must generally be withheld from payments of interest on the New Bonds on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a New Bondholder, HM Revenue & Customs can issue a notice to the Issuer to pay interest to the New Bondholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

New Bondholders may wish to note that, in certain circumstances, HM Revenue & Customs has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a New Bondholder. Information so obtained may, in certain circumstances, be exchanged by HM Revenue & Customs with the tax authorities of the jurisdiction in which the New Bondholder is resident for tax purposes.

2. *EU Savings Directive*

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments at rates rising over time to 35 per cent. (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts to the holder of the New Bonds or to otherwise compensate the holder of the New Bonds for the reduction in the amounts that they will receive as a result of the imposition of such withholding tax.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

3. *Further United Kingdom Income Tax Issues*

Interest on the New Bonds constitutes United Kingdom source income for tax purposes and, as such, may be subject to income tax by direct assessment even where paid without withholding.

However, interest with a United Kingdom source received without deduction or withholding on account of United Kingdom tax will not be chargeable to United Kingdom tax in the hands of a New Bondholder (other than certain trustees) who is not resident for tax purposes in the United Kingdom unless that New Bondholder carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency in connection with which the interest is received or to which the New Bonds are attributable (and where that New Bondholder is a company, unless that New Bondholder carries on a trade in the United Kingdom through a permanent establishment in connection with which the interest is received or to which the New Bonds are attributable). There are exemptions for interest received by certain categories of agent (such as some brokers and investment managers). The provisions of an applicable double taxation treaty may also be relevant for such New Bondholders.

**B. United Kingdom Corporation Tax Payers**

4. In general, New Bondholders which are within the charge to United Kingdom corporation tax will be charged to tax as income on all returns, profits or gains on, and fluctuations in value of, the New Bonds (whether attributable to currency fluctuations or otherwise) broadly in accordance with their statutory accounting treatment.

**C. Other United Kingdom Tax Payers**

5. *Taxation of Chargeable Gains*

The New Bonds will constitute "qualifying corporate bonds" within the meaning of section 117 of the Taxation of Chargeable Gains Act 1992. Accordingly, a disposal by a New Bondholder of a New Bond will not give rise to a chargeable gain or an allowable loss for the purposes of the UK taxation of chargeable gains.

6. *Accrued Income Scheme*

On a disposal of New Bonds by a New Bondholder, any interest which has accrued since the last interest payment date may be chargeable to tax as income under the rules of the accrued income scheme as set out in Part 12 of the Act, if that New Bondholder is resident or ordinarily resident in the United Kingdom or carries on a trade in the United Kingdom through a branch or agency to which the New Bonds are attributable.

**D. Taxpayers who are not resident in the United Kingdom**

7. A body corporate that is neither resident in the United Kingdom nor carrying on a trade in the United Kingdom through a permanent establishment, will not be liable for United Kingdom corporation tax on profits, gains and losses on, or in fluctuations in the value of, the New Bonds. Other holders of the New Bonds who are neither resident or ordinarily resident for tax purposes in the United Kingdom and who do not carry on a trade, profession or vocation in the United Kingdom through a branch or agency to which the New Bonds are attributable will not be liable to United Kingdom tax on chargeable gains realised on, or profits arising on the disposal of, their New Bonds.

**E. Stamp Duty and Stamp Duty Reserve Tax (SDRT)**

8. No United Kingdom stamp duty or SDRT is payable on the issue of the New Bonds or on a transfer by delivery of the New Bonds.

## SUBSCRIPTION AND SALE

Royal Bank of Canada Europe Limited (the **Dealer**) has, pursuant to a Subscription Agreement (the **Subscription Agreement**) dated 5 January 2009, agreed to subscribe or procure subscribers for the New Bonds at the issue price of 82.303 per cent. of the principal amount of the New Bonds, less a combined management and underwriting commission of 0.3472 per cent. of the principal amount of the New Bonds. The Issuer will also reimburse the Dealer in respect of certain of its expenses, and has agreed to indemnify the Dealer against certain liabilities, incurred in connection with the issue of the New Bonds. The Subscription Agreement may be terminated in certain circumstances prior to payment of the Issuer.

### United States

The New Bonds have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

The New Bonds are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

The Dealer has agreed that, except as permitted by the Subscription Agreement, it will not offer, sell or deliver the New Bonds (a) as part of their distribution at any time or (b) otherwise until 40 days after the later of the commencement of the offering and the Closing Date within the United States or to, or for the account or benefit of, U.S. persons and that it will have sent to each dealer to which it sells any New Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the New Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering, an offer or sale of New Bonds within the United States by any dealer that is not participating in the offering may violate the registration requirements of the Securities Act.

Terms used above have the meanings given to them by Regulation S and the Securities Act.

### Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), the Dealer has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of New Bonds which are the subject of the offering contemplated by this Offering Circular to the public in that Relevant Member State other than:

- (a) to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000; and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or

(d) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of New Bonds shall require the Issuer or the Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an **offer of New Bonds to the public** in relation to any New Bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the New Bonds to be offered so as to enable an investor to decide to purchase or subscribe the New Bonds, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

### **United Kingdom**

The Dealer has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any New Bonds in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the New Bonds in, from or otherwise involving the United Kingdom.

### **Canada**

The New Bonds will not be qualified for sale under the securities laws of any province or territory of Canada. The Dealer has represented and agreed that it has not offered, sold or distributed and will not offer, sell or distribute any New Bonds, directly or indirectly, in Canada or to or for the benefit of any resident of Canada, other than in compliance with applicable securities laws. The Dealer has also represented and agreed that it has not and will not distribute or deliver the Offering Circular, or any other offering material in connection with any offering of New Bonds in Canada, other than in compliance with applicable securities laws.

### **General**

The Dealer has agreed that it will, to the best of its knowledge and belief, comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers New Bonds or possesses or distributes this Offering Circular and will obtain any consent, approval or permission which is required by it for the purchase, offer, sale or delivery by it of New Bonds under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor the Trustee shall have any responsibility therefor.

None of the Issuer, the Trustee and the Dealer represents that New Bonds may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.
